Campers will compete in the costume competition first thing in the morning during our morning meet and greet group time. Pictures of the winning costume campers are usually posted to our social media accounts. This shows everyone how much fun it is to be silly. Before going out to interact with the animals and elements, all campers will change into their appropriate camp outfits. This has become a really popular week among the campers. Parents, Guardians, and Grand Parents...Thank you for supporting the children when they are feeling silly going to camp.
